1 Validity

This routing order valid from the 01.05.2016, latest release starting 01.11.2018 for all plants listed under chapter 2 until recall. This rule may be modified, supplemented or replaced by plant-specific logistic concepts and is valid for all deliveries based on **EXW or FCA** terms. The routing order is not valid for raw material deliveries. Raw material shipments will be negotiated between central logistics, purchasing and the supplier individually. Generally our known terms and conditions of purchasing are valid.

3 Shipment Definition

A shipment is the sum of all packages which are send on one day from one plant to one consignee. It may happen that the supplier receives multiple orders for several parts but for the same receiving plant and delivery date. These orders have to be consolidated to one shipment.

4 Company Names of the Mubea Group and Assignment to the Company

Due to different company names within the Mubea Group a faultless addressing of delivery notes and transport documents has to be guaranteed. The same applies for transport ordering. Each Mubea purchase order advises the receiving plant and invoice address. Due to multiple company names a correct assignment to company, plant and legal form is essential.

5 Mode of Transport

Along the existing delivery schedules and single orders, EXW and FCA shipments have to be handled as follows:

5.1 Parcel up to 32 kg

Parcel and shipments up to 32 kgs have to be sent via UPS (Standard Service). Fix time deliveries are just possible upon agreement with the Mubea purchasing department. For non-authorized fix time deliveries Mubea reserves the right to debit back the freight costs to supplier. Please note that for shipments at the expense of Mubea, the supplier needs an account number as well. If this does not exist you will shortly receive your own UPS customer number by requesting it at the following eMail address: hueseyin.yoldasoglu@europe.ups.com

For dispatch handling you may use all existing UPS-Tools (Worldship etc.), the Internet (www.ups.com) as well as the Service-No. 01805 882663.. Please note that deliveries to Mubea require the following information:

- Entering of the complete Mubea order number as reference no.
- Correct shipping option: „**Bill the Receiver**“
 - ➔ For deliveries to all **German Mubea plants**, pls use consignee ZIP-code “57439”

6 HOW WOULD YOU LIKE TO PAY?

Please enter your payment information below. The information you enter will be transmitted using a secure connection. Required fields are indicated with*.

Payment Method for Shipping Charges: ⓘ

* [Check My Discounts](#)

Receiver UPS Account Number:
 *

Country or Territory:
Germany

Postal Code :
 *

- For domestic shipment in Germany please use UPS-Standard-Service
- For international or non-EU shipments please use UPS-Express-Saver-Service

You can find a download list of all Mubea UPS customer numbers in the supplier portal or by using the following link:

<http://www.mubea.com/de/mubdownload>

5.2 Shipments from 33 – 24.000 kgs

These shipments have exclusively to be ordered via the internet portal:

<https://ax4.com/ax4/>

In case you do not have access please contact the central logistics at Mubea. Please send the fulfilled Supplier Masterdata Sheet to following Email address:

logistik@mubea.com

You will shortly receive access and your login data. You will find this Excel sheet by using the following link.

5.3 Your Responsible Contact Person

For operational questions please contact the team of our 4PL provider:

Sostmeier Automotive GmbH

T : +49-6404-668872-11

E: sma-4pl@sostmeier.de

6 Shipment Advise

The shipment advise is only possible with a specified access. Fax or e-mails are not accepted.

6.1.1 Required Information on the Shipment Advise

The notification of the readiness for dispatch has to contain the following information:

- Mubea order-No.
- Loading times
- Receiving plant incl. delivery date according to Mubea-order
- Number of collis, weight and dimensions
- Packaging code and stackability

6.1.2 Advise Times

Generally the shipment advise has to take place on day A (up to 3.000 kgs until 2 p.m., over 3.000 kgs until noon). The pick-up is on day B. Within Germany the delivery is on day D. Austria and Switzerland is on day F. For European suppliers the transit times may vary between three and seven days. Please contact the 4PL Sostmeier for more information.

6.1.3 Non-EU shipments

Please note that sender for deliveries to non European countries is responsible for the complete and correct customs declaration and export paperwork.

6.1.4 Transport Routing for German Suppliers

a) For deliveries to Italy and Spain:

Advise supplier via Internet portal	Pick up at supplier	Delivery	
		Agreda	Melfi
latest... 2:00 pm TUE	WED	MON	TUE
TRANSIT TIME			
		4 working days	5 working days

b) For deliveries to Czech Republic:

Advise Supplier via Internet portal	Pick up at supplier	Delivery	
		Žebrák	Prostějov
latest... 2:00 pm THU	FRI	WED	THU
CZ TOUR 1			
latest... 2:00 pm TUE	WED	MON	TUE
CZ TOUR 2			
TRANSIT TIME			
		4 working days	5 working days

6.2 Shipment Documentation

Besides the delivery note, which has to be fixed safely on the packages, it is mandatory to hand over a transport document (freight order) to the driver at collection or an UPS-freight order/ -label for a shipment until 32 kgs. Customs paperwork (invoice, packing list and MRN) have to be handed over to the driver in a separate envelope.

Our purchase order is mandatory for the order entry and needs to be stated in all delivery documents (delivery note and freight order as well as UPS-freight order).

6.3 Transport of Machines and Equipment

In case of oversized machine and equipment transports this routing order does not apply. These kind of transports have to be coordinated with our central logistics department.

7 Free Domicile Deliveries

Please consider the instructions as recommendation in case we agreed “free domicile” terms. Billing of transport costs on the supplier’s invoice is generally not accepted.

8 Expedites

Expedited transports ordered by the supplier at the expense of a Mubea plant will not be paid.
