SUCCEED IN TRANSFORMATION

Mubea

Green Steel Springs

Innovation:

- From basic oxygen furnace (BOF) steel to electric arc furnace (EAF) steel
- Process transformation at established steel suppliers

Customer Benefit:

- Significant reduction of CO2 emissions
- Increased content of recycling material up to 100%

Status:

- In mass production for particular projects
- NA: approved electric steel suppliers available
- EU: approved electric steel suppliers available; further sources in development
- CN: activities started
